

OUT-OF-HOME ADVERTISING

LARGE FORMAT LENTICULAR

Create brand awareness in a big way with large format lenticular. Our high-quality large format lenticular ensures reach beyond traditional static images. Recent studies have shown that large format lenticular can double ad message retention, when compared to conventional print media. Let the power of large format lenticular work for you!

OUT-OF-HOME

Use the interactivity of large format lenticular to connect with consumers. Enhance your brand with engagement using the power of eye-catching lenticular flips and jaw dropping 3D.

- Single panels sized up to 4'x6'
- Panels can also be tiled to achieve larger murals
- Available for back lit or reflective applications
- Panels can be integrated into larger displays, like billboards, to have a specific area animate

RETAIL SIGNAGE

Draw consumers in with large format lenticular. Easily integrated with window displays, kiosks end-caps, hanging signage and just about any other retail display you can dream up.

- Thinner and lighter lenticular panels allow for quick & easy installation
- Ability to produce as few as 1 panel for additional customization display
- Custom cutting available
- Scaled prototypes in as little as 24 hours!
